MPT Referral Program

Math Plus Tutors is extending an offer to families with low income to get tutoring services for their children at-cost rates. Families seeking this service need a referral from one of the non-profit organizations working with children and youth in Sarnia-Lambton (e.g. Organization for Literacy, Rebound, St. Clair Child & Youth, Family Counselling Centre, Children Aid Society, Pathways Health Centre for Children etc.)

*All group services need a minimum number of 3-4 participants to qualify for that advertised rate

*Math Plus Tutors reserves the right to increase its fees with a two weeks' notice in advance to its current clients
